AND OFFICE ACTION RESPONSE**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

SIR or MADAM:

This Telephonic Interview Summary and Office Action Response is being submitted in the above-identified patent application. The Office Action Response is filed pursuant to the Office Action issued in this case, which was mailed on October 17, 2006.

**Telephonic Interview Summary**

The undersigned and USPTO Examiner Alison Pickard conducted a brief telephonic interview on February 6, 2007, regarding the claims of the above-referenced patent application and the prior art references of Wheeler (4,526,385) in view of Iverson (4,685,685). All of the pending claims were discussed. While the undersigned and Examiner Pickard did not reach verbal agreement regarding any of the then pending claims during the telephonic interview, Examiner Pickard indicated that she would consider written amendment to the claims and any supportive comments contained in an Office Action Response. The discussion was helpful and the undersigned appreciates Examiner Pickard's time and consideration.
